

# "Bordeaux for Millenials"

## Bordeaux Appellation D'Origine Controlee

Our "Cuvee Nokat" is the expression of the French modern culture : the ancestral know-how of wine-making combined with the design of a growing Artist. This fruity Bordeaux is pleasant to drink. Draped in its brilliant, pale greenish-yellow robe, this wine boasts a delicate bouquet of fruit and flower aromas. The finish is lively and harmonious.

# CUVÉE NOKAT BORDEAUX

BORDEAUX  
APPELLATION BORDEAUX CONTROLEE

Painter, visual artist. Graphic designer by trade, Nokat opens up to new technologies very early in her career. She then becomes a webmaster with a predilection for web designing. An urban girl, Nokat finds her raw material in the street, in flea markets and places where old-fashioned objects, books, magazines and posters try and reinvent a new life to themselves.

A modern artist, she casts into her highly colored paintings all the questions arising from a disrupted society whose paradigm is changing. Fukushima, 9/11, Big Brother, digital traceability of individuals... She sometimes tackles dark topical issues evoked through antagonistic compositions mixing colors, logos, images...

Truly humane, frank and straightforward, her whole character can be found in her series of full-frontal portraits in which her models' humanity is captured in their eyes. Being a geek, she builds her approach by integrating digital technologies so as to conceive her creations and elaborate her brightly colored paintings which reveal faultless lines as well as a sense of composition and pictorial balance.

Curious by nature, she uses acrylic paint, collages, varnish mixtures, fluo paints or even spray paint to constantly get her work to evolve.

Our «Cuvée Nokat» is the expression of the French modern culture : the ancestral knowhow of wine-making combined with the design of a growing artist.

This fruity wine will seduce every Bordeaux wine lovers.
